Confirmation of Credit Conditions and STA Access Rights

Property owners who fail to comply with annual reporting requirements will not be eligible to receive credits for the property in the subsequent year. If at any time a complaint is received regarding the facility and the Township conducts an inspection where their findings show the facility is not functioning as designed or required maintenance has not been completed, the Township shall revoke credits of the facility until corrective actions have been completed. The Township will then conduct a second inspection and restore the credit if the facility has been corrected and is functioning as designed. Inspections and O&M must be submitted with each quarter henceforth until a year of proper care of the facility has been completed.

A detailed inspection schedule and maintenance schedule shall be developed. The maintenance schedule should include a detailed step-by-step procedure on how the control system shall be maintained to work in perpetuity. Include contact information of the person responsible for the O&M. Inspection and maintenance logs shall be maintained and submitted with an annual report to the Township June 1st of each year. Access to the SWM facility shall be provided from the nearest right-of-way.
